“Salvage” Definition:

“Salvage” means any vehicle that has been damaged by collision, fire, flood, accident, trespass, or other occurrence to the extent the cost to repair the vehicle for legal operation safely on a highway exceeds 75% of the fair market value prior to sustaining the damage, as determined under §13-506(C) (4) has been acquired by an insurance company as a result of a claim settlement; or has been acquired by an Automotive Dismantler and Recycler as an abandoned vehicle under §25-201 of this Article for rebuilding or for use as parts only. For purpose of this section, a vehicle has not been acquired by an insurance company if an owner retains possession of the vehicle upon settlement of a claim concerning the vehicle by the insurance company.

Salvage Certificates

Salvage Certificates are ownership documents:

- An insurance company retains a vehicle as a result of a claim settlement.
- An automotive dismantler and recycler acquires the vehicle for rebuilding or parts.

Brands:

All salvage certificates are branded. A brand is a simple way of identifying the current or previous condition of a vehicle for the purpose of protecting the interest of the consumer.

A Salvage Certificate is branded according to the categories listed below:

- Damage is greater than 75% of the fair market value and repairable.
- The vehicle is not rebuildable, will only be used for parts, and is not to be retitled.
- Abandoned Vehicle or Acquired in the normal business of an Automotive Dismantler & Recycler.
- Recovered Stolen with damage 75% or less than fair market value will be issued a Salvage Certificate branded “Recovered Salvage”.
- Flood Damage
- Damage is greater than 75% of the fair market value and the damage to the vehicle is cosmetic only. (Obsolete as of October 1, 2010)
- Recovered Stolen with damage 75% or less of fair market value and requesting a Certificate of Title, complete an Application for Certificate of Title (VR-005) and submit a \$100.00 fee along with the Application for a Salvage Certificate (VR-028).
- Damage is 75% or less of fair market value.

Owner Retention:

Maryland Vehicle Law requires the insurance company to promptly notify the Motor Vehicle Administration of vehicles that have been settled as a total loss and are being retained by the owner. The insurance company must state, on this application the cost to repair the vehicle for highway operation is greater than 75% of the fair market value or the vehicle has sustained flood damage or the vehicle is non-repairable and will be used for parts only.

Please Note: A Salvage Certificate will be issued for parts only.

The title certificate to this vehicle must accompany this application.
